South Yorkshire Orienteers Events Calendar

The calendar shows SYO events and others that are organised by nearby clubs or national events that may be of interest. During the course of the year there may be some variation; local events especially can be added. Always check the organising clubs' website for the most recent information. (SYO - southyorkshireorienteers.org.uk)

Local Saturday Events

This is a series of events once a month on a Saturday with start times from 13:00—15:00 that are ideal for newcomers. Many of these also count towards the Schools League. Courses on offer are White—Light Green plus a more challenging course for experienced orienteers such as a map memory course.

Other Local Events

Throughout the year SYO hold local events, normally close to Sheffield. 3 or 4 courses are usually available (Yellow, Short, Medium and Long). We will often arrange to meet up afterwards in a pub. During the winter these inevitably are night orienteering events!

Regional Events (Level C)

These are regional events organised by SYO or neighbouring clubs. They are usually on a Sunday with registration 10:00—12:00 and starts 10:30—12:30. There are usually a full range of courses from White—Brown. When another club is organising their club name is shown in the calendar. There are also some that are further away but will be on high quality orienteering terrain.

YHOA Superleague

The superleague events are organised by the clubs in Yorkshire and Humberside usually on a Sunday. The League runs from January to December and your best 5 results count. There is a variety of different terrain and race type including forest, moorland, urban, sprint and middle with a full range of courses from White—Brown. Most will have options to enter in advance to guarantee you get a map and have starts 10:30—12:30.

Regional Championships (Level B)

These are larger events, on the top areas that clubs have. Many will be regional championships. You will normally need to enter in advance and you will compete against others in your age class. There are often other colour coded courses available for entry on the day.

National Events / UK Orienteering League

These are larger events that will have competitors travelling from all over the country. They include the 4 national championship events, the JK International Festival and the UK Orienteering League. All the events will require entries in advance for age group courses but will have some colour coded course available for entry on the day, normally from White—Light Green.

Club and Junior Team Competitions

There are several team competitions that SYO participate in during the year: for juniors the Yvette Baker Trophy and Peter Palmer Relays; for the whole club the Compass Sport Cup. There are also relay competitions including the overnight Harvester.

Training & Coaching

Throughout the year SYO organise training and coaching sessions for members. These are usually free to members but you need to let us know you will be attending so we can ensure we have enough maps and coaches! Details on the Website.

These are by no means the only orienteering events in the country! The British Orienteering website lists events nationwide - www.britishorienteering.org.uk.
